KEYWORDS

animal model system, ecosystem function, evolutionary ecology, freshwater ecosystems, integrative biology, organism-environment interactions, microbiome

An Erratum on

[Building on 150 years of knowledge: The freshwater isopod *Asellus aquaticus* as an integrative eco-evolutionary model system](#)

by Lafuente, E., Lürig, M. D., Rövekamp, M., Matthews, B., Buser, C., Vorburger, C., and Räsänen, K. (2021). *Front. Ecol. Evol.* 9:748212. doi: 10.3389/fevo.2021.748212

Due to a production error, the funder “Eawag Discretionary Funds,” “(PSP 5221.00492.013.03)” to “KR” was erroneously omitted. The correct **Funding** statement appears below.

Funding

“Financial support was provided by Eawag Discretionary Funds to KR (PSP 5221.00492.013.03). ML received financial support from the Swiss National Science Foundation through an Early Postdoc. Mobility Grant with the No. P2EZP3_191804 and from the European Union’s Horizon 2020 Research and Innovation Program under the Marie Skłodowska-Curie grant agreement No. 898932.”

The publisher apologizes for this mistake. The original article has been updated.
